S E TOEG

No. 745 Weihaiwei Road,
October 23rd 1943.

O. Okamoto, Esq.,

Shanghai.

Dear Sir,

On Tuesday the 19th instant, at about 3.30 P.M., two gentlemen, a Japanese and a European, called at my residence at the above address.

The European gentleman asked me my nationality, adding "Are you Italian?", I answered "I am Iraqi". He represented himself to have come from the Swiss Consulate and that he wanted to take the house to be used as a hospital. I replied that I could not let him have the premises besides the fact that I have stored with me under instructions from the Imperial Japanese Gendarmerie the furniture and effects of another family who had to vacate their house.

The two gentlemen then walked around the ground floor, looked into one of the rooms and left the house with the remarks "sorry to have troubled you", (the Japanese gentleman never spoke a word).

The following day, Wednesday the 20th instant, I called at the Swiss Consulate to investigate the matter and I was informed that they had sent no one to the house to see me.

On Thursday, the 21st instant, I arrived home about 4 P.M. to find the same two gentlemen (and another European, who called himself an interpreter) at the house. My wife in the meantime having shown them over the premises at their request.

We asked these gentlemen to give us their names and addresses; the Japanese gentleman gave his card, which I herewith enclose, and the European gentleman (who came on the previous occasion) added his name on the same card - Dr. J. Meller.

Then the following conversation took place:
Dr. Meller: "we want this house to use for our living quarters (all three of us and our families), consultation rooms, and for the manufacture of rejuvenating medicines. We are willing to let you have some of the rooms for yourselves, and if you don't like it, the Japanese Government will chuck you out on the streets and you will have nowhere to go; we will also chuck out the effects of your friends. You must decide right now, "Yes" or "No".

Feeling very intimidated, I quickly replied that I would let them have the rooms they require, in ten days time as demanded.

My wife reminded Dr. Meller of his connection with the Swiss Consulate and he replied that he used to be with them in the past but not any longer now.

Yesterday, Friday, the 22nd instant, it was ascertained that Dr. Meller was unknown to the Swiss Consular authorities.

No. 745 Weihaiwei Road,

Please take the necessary steps to inform the gentlemen concerned not to expect to be allowed to occupy any part of my premises.

I may add that the action of Dr. J. Meller has considerably affected the state of my wife's ~~xxxx~~ health, who is now in a state of nervous collapse.

I would be grateful if you would take this matter up with the proper authorities, requesting them to make necessary enquiries as well as their assistance to protect me against any further such recurrence.

REPORT OF POLICE INVESTIGATIONS.

The following is the statement of Mr. J. L. Kovalchuk-Meller
native of Russia taken by me _____
at 5 p.m. on the Oct 29th 1943 and interpreted by _____

I had hospital by herbal medicines for 7 years on 651 Weihaiwei Rd. and I wanted to establish again some business at Shanghai so I applied through Mr. Sheshin, Russian acquaintance, to introduce me to some Japanese friends who would help me in finding a house and making application to Health Dept. of Municipality. I knew house at 745 Weihaiwei road had only 2 occupiers so with Mr. Sheshin and my new acquaintance Mr. Tanaka-san residing at 6-A Apt. 49 Consular road went to 745 Weihaiwei road. I explained the matter to Mr. Toeg who agreed to let me occupy with Mr. Sheshin and Tanaka-san 3 rooms and himself, Mr. Toeg, would take the whole second floor. That was 10 days ago. Having all agreed on, however, Mr. Toeg for some reasons on my second coming to him with Mr. Tanaka and Sheshin refused and since then I never went to him any more. I did not intimidate anybody. Here I am sorry to Mr. Yamaguchi for such an unpleasant happened.

The following is the statement of E. Sheshin
 native of Russia taken by me 1943
 at 5 p.m. on the 29th October and interpreted by _____

I know Doctor Meller about 1 year, about ~~1~~ 1 month ago he asked me if I know some Japanese who will be interested in medicine "Brancharia". I introduced him my friend Mr. Tanaka, we talked about medicine and Mr. Meller told us that he need a bigger space for his laboratory. So about 10 days ago Mr. Meller called us and took us to the Toeg's place on Weiraia Rd. First we were met by Mrs. Toeg to whom we explained our visit, she told she has to wait for husband, Mr. Toeg came, as I was interpreting I told Mr. Toeg to lend us the space, and that as it is enemy property we will do it officially through Mr. Tanaka. Mr. Toeg gave his consent, and as ~~the~~ in house there were other people's things, Mr. Toeg asked us to wait 2 days. Mr. Tanaka told them not to hurry as it would be done officially so they could have time 1 week or 10 days. After two days time we dropped in again to see about the situation. Mr. Toeg did not let us in and told us not to worry him any more; if we want to know something we will have to talk to his lawyer Mr. Okamoto. so we went home.

When we came first time Mr. Tanaka & Dr. Meller gave Mr. Toeg their name cards.

REPORT OF POLICE INVESTIGATIONS.

1.

The following is the statement of E. SHASHIN
native of Russia taken by me XXXXXX made by self.
at on the and interpreted by
P. 1. 1st. November 1943.

Further to my previous statement I wish to state following:-
One month ago Mr. Meller called me up to his home 1317
Yu Yuen Road and made me proposition to find a Japanese who
will help him to find a suitable house where he wanted to open
a Laboratory. I talked with my friend Mr. Tanaka about this
matter and Mr. Tanaka told me that he will try to help Mr.
Meller. After few days Mr. Meller invited us to his house
and told that if Laboratory will be established with the help
of Mr. Tanaka and myself he promised to give us percentage
of the medicine profit. Then he told us that he knows a
suitable house on Weihaiwei Road of Mr. Toeg, who is the
enemy and could be easily gotten from the Japanese Government.
About two weeks ago Mr. Meller took Tanaka and myself to Mr.
Toeg's house. In the house, while talking to Mr. Toeg, I
heard that Mr. Meller threatened Mr. Toeg, saying that if
Mr. Toeg gives no consent to let him have the house, the
Japanese Government will throw Mr. Toeg out with his things
on the street. Mr. Toeg asked me to interpret to Mr. Tanaka
to have two days time to prepare the house, but Mr. Tanaka told
Mr. Toeg, through me, that to have time 1 week or 10 days,
because the permission from the Japanese Authorities will
take that time. Two days after the conversation with Mr. Toeg
Mr. Meller asked us to go again to Mr. Toeg. When we came
there, Mr. Toeg told us not to bother him any more and if want
anything to go and see Mr. Toeg's lawyer Mr. Okamoto. After
this Tanaka told Mr. Meller, since the matter is given to the
lawyer, Okamoto, he wants nothing to do with it, as it would not
be possible now to get the house of Mr. Toeg.
